Series Two of Amazon Prime Original Goliath Premieres 15th June on Prime Video

Golden Globe winner Billy Bob Thornton will be joined by new series regulars Mark Duplass, Morris Chestnut and Ana De La Reguera in brand-new eight-episode series launching in more than 200 countries and territories

LONDON – 2 May 2018 – Amazon Prime Video today announced the second series of its Prime Original series *Goliath*, starring Golden Globe winner [Billy Bob Thornton](#), will return on Friday 15th June. Thornton will reprise his role as Billy McBride who, after winning a huge verdict in the Borns Tech case, is reluctantly pulled back into the law when his friend's 16-year-old son is arrested for a double homicide. However, as Billy, Patty ([Nina Arianda](#), *Florence Foster Jenkins*) and the team start to investigate what appears to be an open and shut murder case, they begin to untangle a deadly conspiracy in the seedy underbelly of Los Angeles, where drugs, real estate and politics intermingle. Once again, Billy finds himself facing a new Goliath, one that is as formidable as the city's mayoral race and as tall as the skyline itself. Thornton won the 2017 Golden Globe for Best Actor in a Drama Series for *Goliath*'s first series.

The new series of *Goliath* also stars [Mark Duplass](#) (*Togetherness*, *Room 104*) as Tom Wyatt, a successful developer who wants to give Los Angeles a distinct skyline, [Morris Chestnut](#) (*The Best Man*, *Think Like a Man*) as Chief Deputy District Attorney Hakeem Rashad, who has an old grudge against Billy, and [Ana De La Reguera](#) (*Narcos*, *Nacho Libre*) as Marisol Silva, a city councilwoman in the race to be the first Latina mayor of Los Angeles. [Tania Raymonde](#) (*Lost*) and [Diana Hopper](#) (*Casual*) also return as Brittany Gold and Denise McBride, respectively. Series two of *Goliath* is executive produced by [Lawrence Trilling](#) (*Parenthood*) and [Geyer Kosinski](#) (*Fargo*). The series is created by [David E. Kelley](#) (*Ally McBeal*) and [Jonathan Shapiro](#) (*The Practice*).

"We're excited to bring back a new season of *Goliath* starring Golden Globe Winner Billy Bob Thornton," said Jennifer Salke, Head of Amazon Studios. "This chapter tells a powerfully suspenseful, multi-layered story that explores the gritty side of a broken political and legal system."

Following the debut of the first series, *Goliath* was the top binged first series of a US-produced Prime Original series ever over its first ten days. Prime members can watch the first series online at [Amazon.co.uk/Originals](#) before the next series' eight episodes debut on 15th June.

The entire second series of *Goliath* will be available exclusively via the Prime Video app for TVs, connected devices including Fire TV, mobile devices and online. Members can also download the series to mobile devices for offline viewing at no additional cost to their membership. The new series will be a global release and available on [PrimeVideo.com](#) for Prime Video members in more than 200 countries and territories.
